ESTIMATE FOR CLEANING AND OVERHAULING

THE ORGAN IN THE SHIRLEY HALL.

We undertake to carry out the following
work:-

Thoroughly clean all parts of the Instrument.

PIPES. Remove the pipes from their Soundboards,
cleanse them of all dirt, repair as required and re-
set the speech.

Repack the stoppers of the stopped pipes with
sheepskin where loose.

KEYS. Re-adjust the keys and repack where worn.

PEDALS. Re-face the pedals where worn and re-felt.

MANUAL AND PEDAL ACTIONS.

Ease and re-centre the backfalls, squares,
and rollerboards where stiff or worn, fit new trackers,
tapped wires, buttons and cloths as required.

DRAWSTOP ACTION.

Re-centre and re-bush the drawstop action where
worn.

COMPOSITION AND SWELL PEDAL ACTIONS.

Fit new steel springs and centres where faulty.

SOUNDBOARDS. Ease and re-blacklead the slides, tables, and

upperboards where stiff. Fit new steel springs
and bushed pulldown wires where faulty.

BELLOWS. Examine the bellows, trunks, conveyances
and all windways and make them airtight.

REGULATING AND TUNING.

After the pipes are reinstated, carefully
regulate and tune the whole throughout, leaving
all in good playing order, for the sum of:-

FIFTY SIX POUNDS: TEN SHILLINGS. - (£ 56.10.0)
